

Charity Caring

For an overall corporate social responsibility, Nafco took the practical action in charity caring. Nafco established Nafco Social Welfare and Charity Foundation. And the main purposes for this foundation are the donation and the participation for countrywide and provide the emergency allowances for staff. With the spirit of “take from society / give back to society” , Nafco believes that in the social responsibility, it should include the commitment to the society. Not only to care the minority groups, but also to encourage the staff to join in our charity action and to internalize the social responsibility to our culture.
